

Speed Limit Device (SLD) Compliance – Frequently Asked Questions (FAQs)

1. What is the Speed Limit Device (SLD) regulation?

The Speed Limit Device (SLD) regulation is a requirement announced by Jabatan Pengangkutan Jalan Malaysia (JPJ). It mandates that ISUZU trucks, must be equipped with an approved Speed Limit Device to control and limit vehicle speed for road safety.

2. When will the SLD regulation take effect?

The regulation will take effect in phases starting from 1st October 2025, depending on the truck model and manufacturing year.

3. How are the compliance phases structured, and which ISUZU Trucks models are affected?

Phase 1 (From 1st October 2025) - All Isuzu Truck manufactured after January 2015 with ECM

**Note: The Phase 1 - 3 vehicle list is subject to change. For the most accurate and updated information, please visit <https://www.jpj.gov.my/badan-pengesahan-speed-limiter-device/>*

4. Where can I verify if my SLD is compliant?

You can contact or visit ISUZU Malaysia Authorized Dealers for assistance, and verification of the SLD. For installation of SLD, kindly visit JPJ authorised workshop <https://www.jpj.gov.my/badan-pengesahan-speed-limiter-device/>

5. What happens if I do not comply with the regulation?

Non-compliance with the SLD regulation may result in enforcement actions or penalties by JPJ. It is strongly advised to comply within the stated phase deadlines.

6. Is the list of affected models finalised?

The affected model list for Phase 1–3 is subject to change. For the most accurate and updated information, please visit <https://www.jpj.gov.my/badan-pengesahan-speed-limiter-device/>

7. Who can I contact for further information?

For inquiries or assistance regarding SLD compliance, please reach out to your nearest ISUZU Malaysia Authorized Dealer or contact ISUZU Malaysia's Customer Support for guidance.
